

Please do not take K-LOVE radio away. I believe K-LOVE radio is a vital part of my community. It offers a very positive message to all who listen, both long-time listeners and first time listeners. I know first of hand the lifesaving affects its message has on people as I am one of those people who have been positively affected by it. I depend on K-LOVE to give me music and news on a daily basis at home, work and in my car.

This communtiy cannot afford to lose K-LOVE radio. This is no other radio station like it. I can honestly say that you would be taking away a major part of my life and the life of my family without it.

I live in a community with people of all ages, races and back-grounds. There are a lot of people here who have less than favorable home lives that would benefit from the positive message that K-LOVE if they were to stumble upon the station. K-LOVE offers a message that is unbeatable compared to music with negative lyrics, hate, cursing, violence and sex. It offers hope to those who are lost and helps them to live a peaceful, productive life.

Please contact me if I can be of further assistance.
